IS A LOVED ONE IN CRISIS?

EXPERT GUIDANCE

AT NO COST TO YOU

The staff at **Your Key To Senior Living** have highly experienced industry professionals who assist families in various ways. All of our services are **100% free** to seniors and their families.

Under ideal circumstances, we are involved with you or your family before problems arise, but unfortunately, that's not usually the case.

We usually get a call from overwhelmed family caregivers dealing with such problems as repeated ER visits and hospital admissions, rehab admissions, entitlement coordination, dementia safety concerns, or terminal illnesses.

Dealing with these problems can consume caregivers' entire lives, and we offer them a way to get their lives back. Once caregivers and families realize the tremendous benefit and breadth of our service, the response is always, "I wish we found you years ago."

Why is our service at **no cost to you** and your family?

Much like a real estate agent, you don't pay a senior living advisor out of your pocket. **We're paid a commission by the communities** we refer to.

Only after you have moved into a senior living community are we then compensated.

OUR RECOMMENDATIONS ARE UNBIASED

Our advisors are not compensated based on the community you choose. Rather, they are simply incented to help your family **find the right community that meets your specific medical and financial needs.**

We share the same goal of achieving the best outcome for your family, and we're here to **help you make a confident decision.**
