

Why Choose Waterman Village Home Care?

NOT-FOR-PROFIT

Waterman Village is a not-for-profit organization. Studies have shown that *for-profit* Medicare home health agencies' costs appear higher and quality appears lower when compared to non-profit home care agencies.⁽¹⁾

OUR OWN EMPLOYEES

Home Health Care Services uses the **Waterman Village physical therapy and occupational therapy staff**, which contribute to higher quality and continuity of care.

We *do not* contract with outside sources to provide therapy. As a result, our staff have a higher investment and a more personal commitment to the organization and the care we provide.

Our employees are drug tested and background checked.

BETTER RATES

Waterman offers lower, more competitive private duty rates for 24-hour private duty provision.

BEYOND WATERMAN

Our Home Health Care department serves not only the residents of Waterman Village, but also the general public in **Lake County, Florida**.

LOCALLY OWNED AND OPERATED

Waterman Village Home Health Care supports the local economy, plus retains **local autonomy** and **control in decision-making** and operations. With Waterman, there is also **more stability** due to a lower chance of changing ownership.

CERTIFIED AND ACCREDITED

Waterman Village Home Health Care Services is:

- ✓ **Medicare certified**
- ✓ Accredited by **Community Health Accreditation Program (CHAP)**
- ✓ Licensed and bonded
