Bridgewater Assisted Living Residence Is Getting a Facelift!

Remodeling work has officially begun on the exterior of Bridgewater Assisted Living Residence, located on the campus of Waterman Village. The interior of the Bridgewater was remodeled and updated last year.

The Bridgewater is quite unique among Assisted Living residences and providers in the NE Lake and NW Orange County areas when it comes to amenities, services, staffing levels, rate structure, activity programming and culinary services. In fact, we believe that Bridgewater Assisted Living Residence is the **best overall choice** in the Triangle area!

We **do** accept new residents into Bridgewater Assisted Living who are not already living on the Waterman Village campus, as space is available.

It's important to note that most senior living referral/placement services won't tell you about Bridgewater if we have not agreed to participate in their referral services. Because the fees are high and we don't want to have to pass those expenses along to YOU, we have chosen not to be listed with many of those services.

So, if you are currently looking for an Assisted Living residence for a loved one, please give us a call at (352) 385-1125.

Orlando Business Journal CEO's of the Year

Congratulations to Waterman Village CEO Andrew Dujon who was recently selected as one of the Orlando Business Journal's CEO's of the Year. During Andrew's leadership and tenure, Waterman Village has developed into a thriving campus and community, having significantly improved its financial condition and plant and property. This is a well-deserved honor and award.

Go to our web page at www.watermanvillage.com, click the tab that says Residential Living and scroll down the page to find the three videos.

Why Move Early?

Many people believe they should wait to move to a retirement community until they *need* it. But there are so many benefits to moving while you can still benefit from it! Yes, Waterman Village offers security, activity opportunities and maintenance-free living. But many new residents also tell us that one of the main reasons they chose to move to Waterman Village early is to have **peace of mind**. They realize Waterman Village offers convenient and better health care coordination as they age by having independent living, assisted living, nursing care, rehabilitation, memory care, home care and a pharmacy all on campus. **Give us a call to schedule a visit to see for yourself what makes Waterman different.**
