Groundbreaking News!

Men's Luncheon w/Andrew Dujon CEO, Lakeside Update

With the upcoming additions to our wonderful community, the luncheon was the best attended ever! All present were excited to hear of the progress being made and the planning for additional parking.

The future of Waterman Village certainly looks bright!

To stay better informed, don't miss the quarterly Men's Luncheon.

“Nescafé Coffee Tasting Extravaganza”...

This event brought a refreshing start to the Tuesday Coffee Social with folks choosing their favorite coffee on tap!

Have you heard, Dominic is BACK?

For those of you who enjoy watching a good game of Jeopardy on TV, you might want to try out TEAM Trivia in the afternoon here on campus!

Dominic Catalano is the game host and he really knows how to keep it exciting! It is currently being played at 3:30 on one Tuesday each month so watch for details.

Congratulations to the “Winners” at this last game!

“The SuzQ’s” get bragging rights this time around with a score of 72 points!

The “Crazy 8’s” came in second (65 points), and in third place, the “Way Over Our Heads” (60) points!

Sharpen up your pencils and come on down for a FuN afternoon event. You might even want to invite some friends and form another team.

Gargee Patel at Coffee Social

Alzheimer’s Association, Gargee Patel MPH/Program Manager, returned for another educational talk **Part II - “Habits for a Healthier You”**.

At a recent Coffee Social, we were enlightened with hard copy material and a PowerPoint presentation provided by Gargee educating us on things we can do, now, to preserve a healthy mind.

Residents attending the Tuesday Coffee Socials in the Lodge at Waterman Village each week are provided a variety of opportunities. Educational and guest speakers, from on or off campus are on the schedule at times, residents have also shared experiences and talents, and then there are times just to visit socially, getting to know each other and making new friends.

145th Kentucky Derby Running of the Roses

The eighty-five plus attending the **17th Annual Kentucky Derby Party** wagered a good time at this event!

Plenty of libations and popcorn were provided by **Justin** and **Kristin**. Some folks embellished the spread at their tables by bringing finger foods of all kinds; even shrimp cocktail, dips, spreads, and crackers! What a PARTY!

And... What a race it was!!! The first "Winner" disqualification in the history of the Derby led residents of Waterman Village to donate some of their winnings to the Employee Appreciation Fund here at our community.

We employees, say "Thank You" to everyone for the donations.

What a great place to live and work!

Everyone should "Run for the Roses" and "Live Your Best Life" here at Waterman Village!
